

The sponsorship of personalized bricks will allow members, families and friends of the fire service to be recognized and become part of the Memorial.

Bricks may be personalized to memorialize a friend or family member, to show support of your local volunteers, or serve as a memory of a specific event. The possibilities are endless. Your brick **DOES NOT** need to specifically pertain to the Ontario Fire Company or the fire service.

Brick sponsorship is limited and will be handled on a first come basis. Don't miss out on your chance to be part of history, sponsor your brick today!

Thank you for your support,

***The Ontario Fire Company reserves the right to reject any brick(s) with personalizations they deem inappropriate. ***
